

# GREENINGLUCAS

## WEEK TWO - STUDENT CHECKLIST

TASK	Not Done	Working On	Done
Refined research question (Problem Statement-Restatement, Why-Why, Duncker Diagram Completed)			
Question determines what needs to be learned (Clear Problem Statement – Teacher and Mentor Approval Required)			
Generate a list of 10 research questions that still need to be answered			
Research plan addresses research question. <ul style="list-style-type: none"> <li>• Roles are established for each individual.</li> <li>• Responsibilities of each individual are clearly defined.</li> <li>• Each research question has a plan to find answers</li> </ul>			
Data is gathered from 3 to 6 reliable sources.			
Separation of facts and opinions. (Data is used to inform decisions) <ul style="list-style-type: none"> <li>• Are the sources peer edited?</li> <li>• Are the sources current (last two years)?</li> <li>• Are the sources other than askjeeves, wikipedia, howstuffworks?</li> </ul>			
Data is collected and recorded.  Information is recorded in your own words.			
Analyzes data.			
Develops conclusions and makes decisions on future actions. (Seniors Only)
