

Call for Submissions for a Child Care Operator for the new River Heights Child Care Centre

A Child Care Operator is required for Thames Valley District School Board's new River Heights Child Care Centre. Interested Child Care Operators are encouraged to attend an Information Session on October 5, 2022. This session will provide operators with an overview of the submission criteria, the Child Care Centre floor plan, furniture and equipment funded by the Ministry of Education, and costs associated to the operator. The Call for Submissions will be posted on TVDSB's website on October 11, 2022.

Interested operators must send the attending staff names, position titles, and email addresses to Michelle Roberts at michelle.roberts@tvdsb.ca by Monday, October 3, 2022. Calendar invites will then be sent to join the Microsoft Teams virtual session.
