Standard 13: Staff Development

The purpose of the standard is to provide details of the board’s professional development plans for special education staff to the Ministry and to the public.

Goal

- The goal of Special Education staff Professional Development is to develop the capacity of administrators and staff in each of our schools to provide the best possible learning experience for all students in that school’s community. By enabling the classroom teacher and support personnel to apply a variety of learning strategies and access a wide range of in-school and system resources, the educational experience for every child will be tailored to their particular learning needs.

Involving the Stakeholders

- The TVDSB SEAC is involved in providing input for staff development. This occurs through ongoing reports and presentations to SEAC from system Special Education staff. SEAC provides system staff with suggestions for consideration when reviewing Special Education programs.
- System personnel are required to be current in their understanding of Ministry policies and legislation which have an impact on Special Education. This information is presented to Principals and school Special Education personnel who in turn are responsible to implement new policy and legislative directions at the school level.

Ongoing Review of Staff Professional Development Needs

- The Thames Valley District School Board (TVDSB) Special Education Advisory Committee (SEAC) and staff from Learning Support Services have identified the need to continue to provide regular and coordinated in-service for school staff in order to facilitate the understanding of issues and current research.
- The staff development and training programs of the TVDSB include programs and workshops provided by community agencies and recognized experts from the region and province.
- Staff development will also take place at the direction of the Ministry of Education as required.
- The Special Education department regularly reviews priorities requiring additional professional development opportunities for school and system staff. These reviews take place at monthly meetings, such as SEAC, Special Education Coordinators Meetings, Joint Health and Safety Meetings and Labour Management Meetings.
Awareness of Professional Development Opportunities

Professional development opportunities are announced through our e-mail service and Learning Support Services weekly memorandum. School and system staff are informed by Learning Coordinators-Special Education of upcoming opportunities through regular Learning Support Teacher (LST) meetings and meetings with Itinerant staff.

Communication of the Special Education Plan

Once approved by the Board of Trustees, the Special Education Plan will be submitted to the Ministry and posted on the Board’s external website. Special Education department staff will be informed of revisions through staff meetings. Administrators and staff are informed of changes to the Special Education Plan through a variety of means. LSTs will have an opportunity to review the Special Education Plan at the first LST meeting of the school year.

Professional Development and Training

- Priorities for staff development include the following areas:
  - Implementation plans for new and/or revised Ministry policies and documents;
  - Areas related to exceptional students identified at individual schools;
  - Recommendations from Learning Support Services that examines system programs and placements; and
  - Areas or gaps that can be addressed through staff development and have been identified by Learning Support Services staff working in consultation with members of the SEAC.

- Staff development is provided in a variety of formats:
  - Targeted professional learning through collaboration supported by Special Education Learning Coordinators, Teachers on Special Assignment and Professional Staff;
  - Workshops on system and site-based professional activity days and during summer in-service sessions;
  - Monthly Learning Support Teacher meetings;
  - School and system training throughout the school year as required to develop an understanding of new and existing Ministry requirements;
  - School and system training on new assessment procedures and/or materials;
  - Workshops provided by outside sources such as the Thames Valley Children’s Centre or Child and Parent Resource Institute attended by designated staff;
  - Conferences attended by designated staff such as Coaching to Inclusion, Building Inclusive Communities and the Geneva Centre for Autism International Symposium;
  - Collaboration between system staff and a variety of community groups on workshops and conferences (any TVDSB conferences such as IN Con, Icon, TVPIC, LitCon, STEAM, The Learning Disabilities Symposium, Passages Transitions Fair and TRACKS Training);
  - Ongoing in-service to new teachers as well as new administrators;
  - Dedicated professional learning series for Educational Assistants;
• Continuing training in areas such as Behaviour Management System (BMS), Individual Education Plan (IEP) development; and
• Under the auspices of System Staff Development, professional learning related to Special Education is included in the New Administrator Professional Learning Series, New Teacher Induction Program and Occasional Teacher Training Opportunities.
