

CARL C. FERGUSON SCIENCE AWARD

\$600.00

Criteria

The award will be granted annually to the student at each school, who in their final year, has the second highest standing in Chemistry and Biology or Chemistry and Physics. In case of a tie, the award shall be divided equally between the two successful students.

Deadline

See your school's guidance/student services office.

History

Established in 2001 in memory of Carl Cameron Ferguson, a former teacher.

Selection Process

The recipients will be determined by the School Awards Committee of each school.

Available To

Medway High School, Oakridge
Secondary School and Central
Elgin Collegiate Institute
