History

Established in 2019 by Kayla's family in her memory. Kayla's joy of life shone through on a daily basis. She loved wildlife, water and rowing, education, children and books, especially Harry Potter. Kayla's desire and passion was to bring positive change and hope to the world. Kayla planned to enter the University of Waterloo in 2018 to study Environmental Resource Management. Her sudden diagnosis of B cell Acute Lymphoblastic Leukemia changed those plans. Kayla exemplified strength, calm and joy in the face of adversity. This scholarship honours this remarkable young adult.

Selection Process

The recipient will be determined by the School Awards Committee.
