This successful candidate would present a minimum cumulative average of 75%.

## Selection Process

The Boys' Hockey coaches will make the decision and may approach the Ham family for assistance.

## Deadline

See your school's guidance/student services office.

## History

Maurice Ham played for the Viking Hockey team in the early 90's. During that time, Maurice was the consummate team player. His hard work, determination and love of the game were his strengths. He truly loved being at the rink and being "one of the guys". Just playing on the Lucas Hockey team was one of the highlights of Maurice's high school career. He never took for granted the commitment and hard work that it took to be part of the team. He certainly was a very important team member, one that could always be counted on by his teammates.

The Ham family and Maurice's good friends, Rob Jonas and Ryan Stafford, along with the many supporters of the Maurice Ham golf tournament would like to honour Maurice with this award. Student athletes should be recognized for their commitment to school, sports and specifically, the Boys Hockey team.
