History

The award was established in memory of 22 year old Vashti Sylvia Deller, a former student of W. Collegiate Institute, who died tragically on November 5, 2004, in a motor vehicle accident on her way to U.W.O., where she was pursuing a Fine Arts degree. Vashti was an excellent student, accomplished athlete and artist. She was also an avid community advocate for 'at risk' young people. This award was created by her family and friends in memory of her special qualities.
