It is the policy of the Board to have designated attendance areas for all schools. It is expected that students will attend the school in their designated attendance area as determined by their primary address at which they are residing. Attendance area procedures are established to maximize consistency in practice across all school communities, to adhere to class size requirements, and to minimize school re-organizations in the fall of each school year.

Exemption procedures will be determined by the Director of Education or designate.

Exemptions may be considered with the following conditions:

- Admission granted under an exemption will be reviewed on an annual basis.
- Applications for exemption shall be submitted annually, by February 15.
- Transportation of students granted an exemption will be the responsibility of the family.
