Q&A

Q: I don't have a computer.

A: We can loan you a chromebook.

Q: Do I need to take the Academic or General test?

A: Depends on what you are going to do with the test results. If applying for permanent residency, you only need to take the General test.

Q: I don't have CLB 6 in all four skills, but I need to prepare for the test.

A: The IELTS Prep course is not designed to improve your proficiency. Take a regular ESL-LINC class to improve your skills and then take the prep course to prepare for the test.

If at any time during the course it is determined that a learner cannot participate fully because they do not meet expectations, the learner will be removed from the course and referred to a more suitable course.
